Dear Mr Manley,

Just a line to let you hear from me. I received today a blank for my income tax for 1943 and, before I can do any thing I must know how much I made in Newark. Will you get Mrs Manley to send me the amount please. I really hope I don't have to pay anything.

How does the outlook for baseball see this year I am still in YF and will

be ready at anytime if you
need me. I would love way
more to come back to Newark.

Mr Manley was then my
record. kept for the batting
average of players I know I
didn't get enough hits to have
a percentage, but could you
tell me what it was?

well I must close give
my regards to Mr Manley and
I hope to see you soon,

Robert Barry
